

About

- **Vaakya Project** is a **Repository and Search Engine** for all the Sentences of Indian Scriptures (Vedas & Shaastras) in Multiple Languages online, along with all the available details, authenticated by Traditional Scholars.
- This project is developed and maintained by **SVAMI** (SGS VedaNidhi Academy & Masters' Institute) of **Avadhoota Datta Peetham**, Mysore under the divine guidance of His Holiness **Sri Ganapathy Sachchidananda Swamiji**.

What is available now?

- **Moolam** of Vedas (Original Vedic Texts) – *available now under Phase 1*
- Location directory (Phase 1) - *available now under Phase 1*
 - **In the first phase**, About 1,00,000 Veda Vaakyas of Samhitaa, Braahmana, Aaranyaka and Upanishad of 5 Veda Shaakhas are loaded into the system on the Beta (Test) site.
- Mobile friendly architecture and impending release of Mobile Application (In-App Browser) will delight the users.
- Onscreen Key Boards customized for all the Vedas, make the search engine usage easy.
- PDF versions meant for non- commercial usage will be available for students and scholars as free download.
- Browse and Search features will enable the users to utilize this database for either reference purpose or recitation (Parayanam).

What is the scope of the project?

- Meta Data such as, **Rishi** (Seer), **Chhandas** (Metre), Devataa (Deity) and **Viniyoga** (Prescribed Utility as per Kalpa Sutras) (Phase 2)
- **Sandhi Engine** to combine words & Vikruti Paatha Generator to the specifics of Individual Veda Shaakha (Phase 2)
- **Varna Krama** Generator to list the nuances of each Akshara (Phase 2)
- **Bhaashyam** (Commentaries) (Phase 3)
- References of Other Shaastras/ Vedangas/ Upaangas (Phase 3)
- **Vaidika Pada Kosha** (Thesaurus of all the Vocabulary of Vedas) (Phase 3)
